

TAX SERVICES

Today's tax environment is constantly changing and complex. Our tax consultants, through extensive research and real-time monitoring, are vigilant in knowing not only what the current regulations are, but skilled enough to help you and your organization decide which is the best direction based on your circumstances and objectives. Often, our tax advisors serve as business advisors to their clients, assisting them with planning, strategy, and a number of other senior management needs, aside from tax compliance and planning.

Through comprehensive, responsive, cost-effective and value-added tax services, our tax professionals work by your side to plan and implement strategies that can improve the profitability of your business. We encourage our people to be innovative, and foster an environment where people are motivated to new ideas. The difference is evident in the variety and reach of tax services we provide to corporations, partnerships, limited liability entities, individuals, trusts and nonprofits.

THREE-DIMENSIONAL PERSPECTIVE

Our tax practice can be coordinated with equally skilled audit, accounting and financial services in order to create the synergy needed to help identify tax problems and opportunities before they occur.

Some of the clients we serve include:

- The largest construction services company in the Western Hemisphere
- Manufacturers serving the energy industry, such as those in drilling rig, pipeline and other oilfield equipment manufacturing
- The largest distributor of nursery products to big box lawn and garden centers
- One of the largest structural steel fabricating companies in the U.S.
- A multi-million-dollar distributor of pipe, fittings, flanges and valves for the energy and construction industries
- A lumber company with more than \$1 billion in sales
- A multi-state manufacturing and leasing company that designs, manufactures, sells and leases plastic pallets for the food/beverage, automotive, chemical, pharmaceutical and consumer product industries
- A circuit board manufacturer
- A distributor of metal sheeting to large OEMs
- A leader in the private label tissue industry
- One of the world's leading providers of plastic pipe systems
